# ABOUT US

We are a company that designs and sells **ceramic floor and wall tiles** using the latest technology on the market, which allows us to **take care of every detail** and generate great finishes, reliefs, shades, patterns and formats.

Discreet and minimalist collections where the format and subtlety of the **nuances in the textures** create unique and exclusive pieces.

# VALUES

- 1** | Product quality and design
- 2** | Customer service
- 3** | Global presence
- 4** | Commitment to society

# DESIGNS

The people who create **ETILE** products work alongside production and quality technicians to design collections adapted to current and future trends, with new finishes and a variety of colours and designs resulting from the constant search for innovation.

If there is one thing that sets us apart, it is that our entire team has a deep knowledge of ceramics, which allows us to create innovative solutions through numerous techniques and production methods.

Ceramic collections that create  
unique spaces

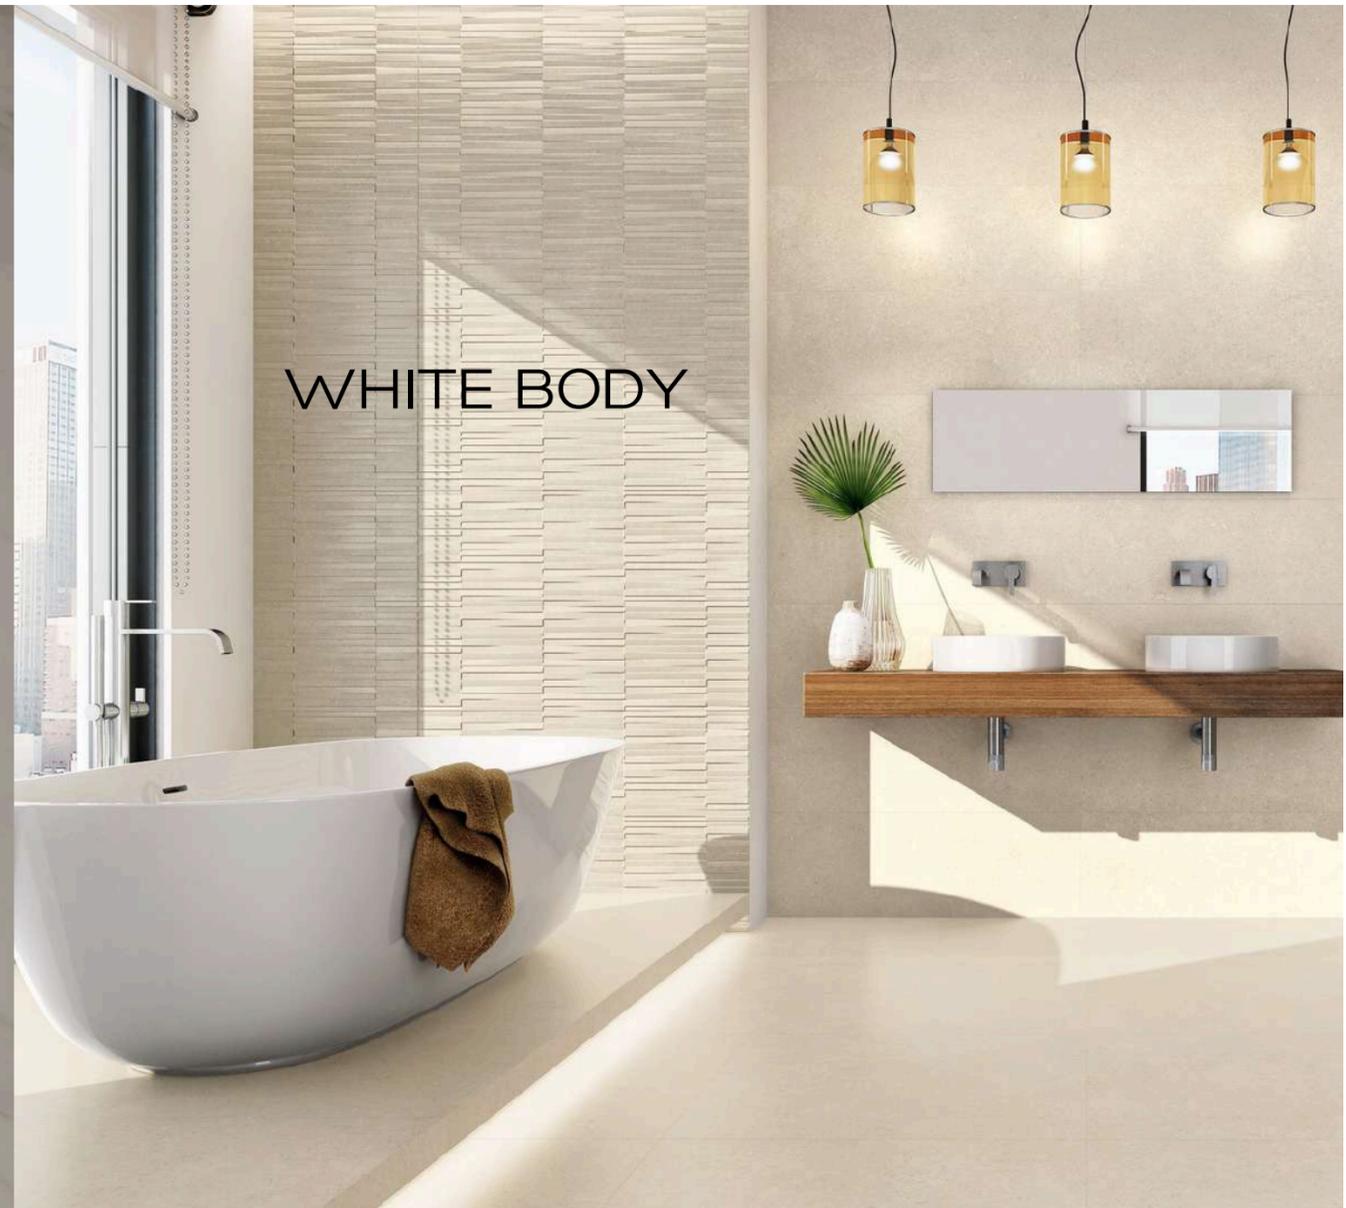

# PRODUCT

Since our beginnings we have maintained a strategy oriented towards customer service and constantly seek to **adapt to the tastes and needs** of the market.

We currently have a wide range of **porcelain** and **white body** products.

# MATERIALS

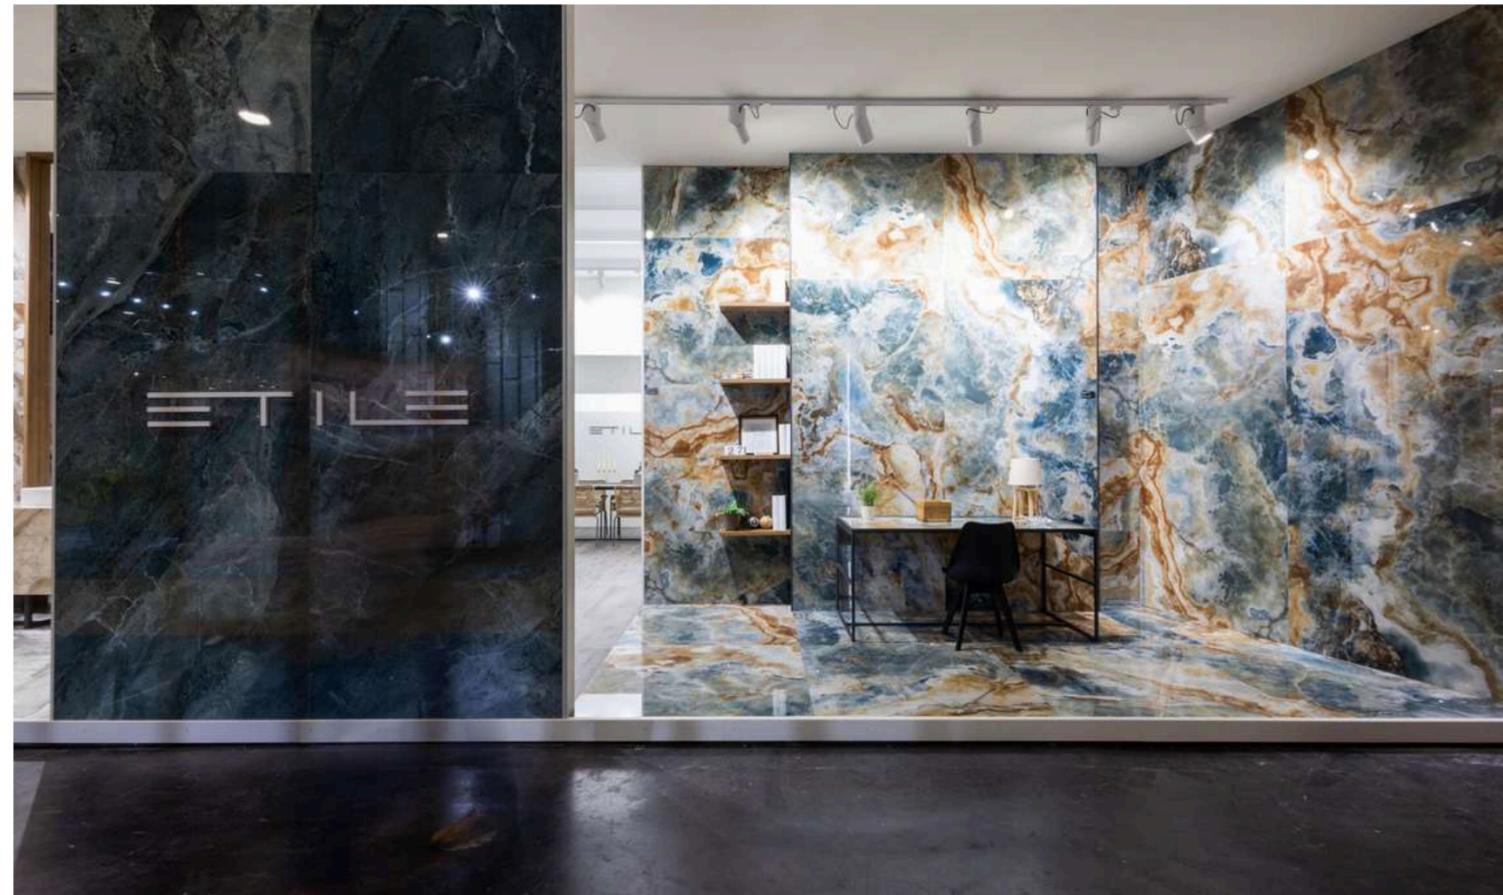

The soul of **ETILE** is its team.

A group of trained professionals,  
committed to the project and with a huge  
vocation for customer service.

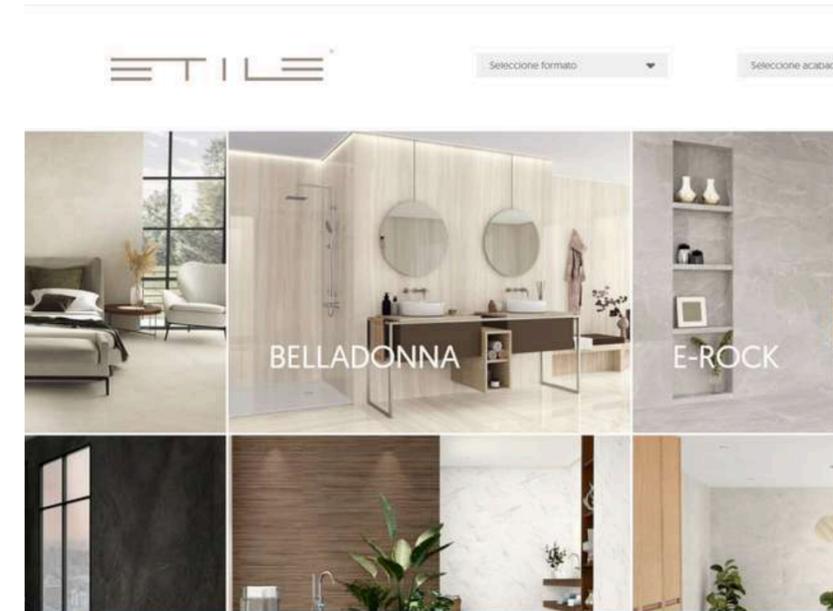

**PERSONAS**

*WE ARE CLOSE TO YOU*

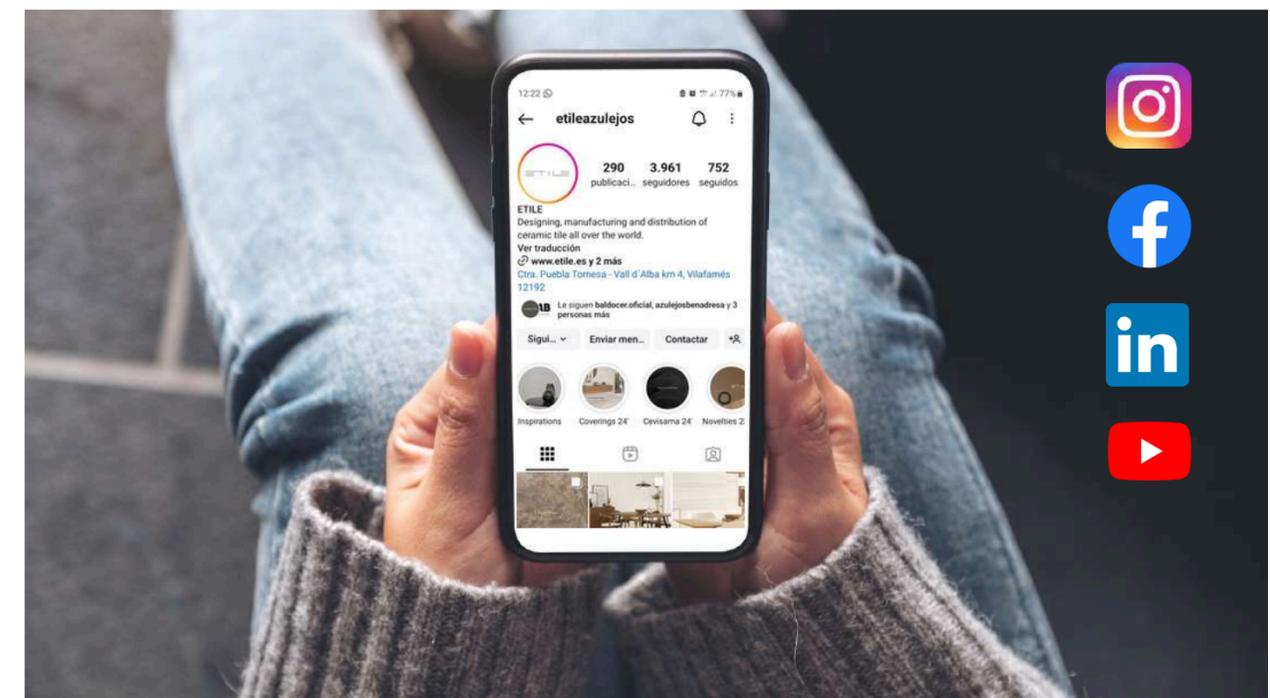

Presence at international fairs

# COMMUNICATIONS

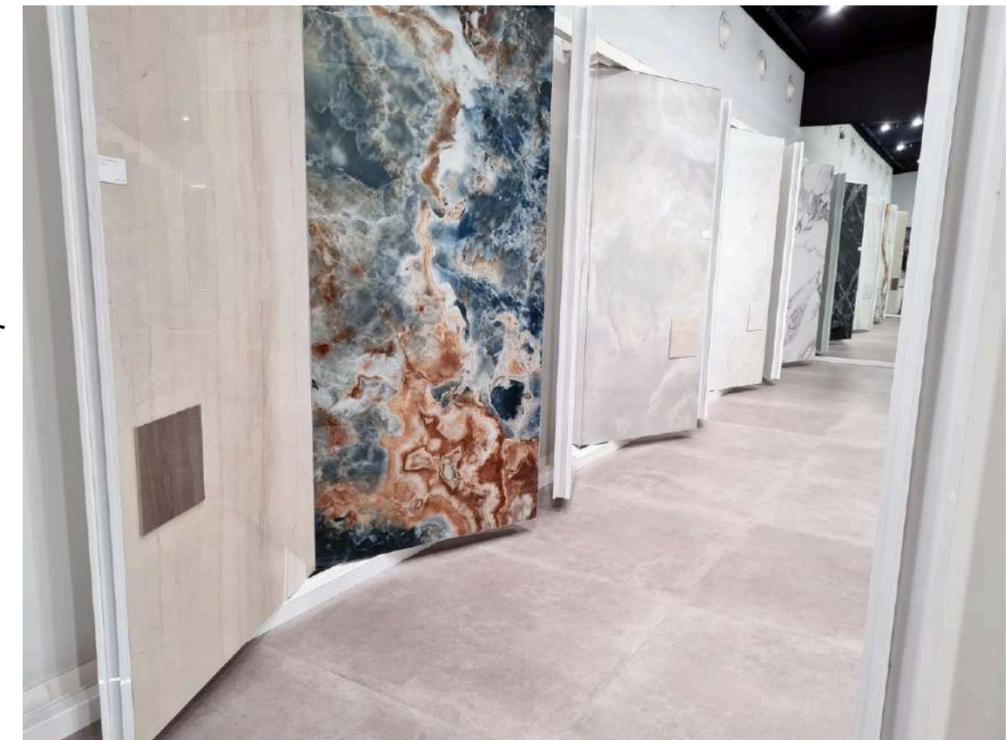

# SHOWROOM

More than 300 m<sup>2</sup> designed to offer a unique experience.

Thousands of visitors from all over the world come to this space every year.

Committed to sustainability

Our tiles are produced under the **Integrated Environmental Authorization** issued by the authorities in accordance with Council Directive 96/61/EC - IPPC (Integrated Pollution Prevention and Control).

At **ETILE** we make sure that our products are manufactured with:

- Rational use of water
- Noise controls
- Emissions controls
- Selective waste sorting
- Energy consumption saving systems

**WE PROTECT THE PLANET**

# GLOBAL PRESENCE

Boosting our presence in new markets is part of **ETILE's** DNA and has allowed us to be present in more than 130 countries.

We work with the best distribution chains around the world.
